WITH A TWIST

Classic with a Twist was founded by Amanda de Steiger in Melbourne in 2013. After extensive travels, I grew increasingly dismayed by the decline in originality and innovation, as every high street became dominated by large, impersonal chains. This instilled in me a strong desire to establish something truly unique. Classic with a Twist was born from that vision, offering distinctive, thoughtfully designed furniture that stands apart from the ordinary.

Our vision was clear: to blend timeless elegance with a modern edge, offering a fresh perspective on style and design. From the beginning, Classic with a Twist has been about celebrating individuality and craftsmanship. We aim to provide pieces that are not only beautifully designed but also tell a story – reflecting the creativity and character often missing in mainstream trends.

Over the years, we have built a community of like-minded individuals who value authenticity and distinctiveness.

In 2022, Classic with a Twist proudly became a family business when my son Justin joined the company. His invaluable experience from diverse sales and marketing roles in Australia and overseas has honed his skills, positioning him to confidently lead the business into the future.

Our Brands:

Tectona Paris

Synonymous with timeless elegance, this brand epitomises luxury, sophistication, and exceptional craftsmanship in outdoor furniture.

Sika Design

Expertly handcrafted rattan furniture that harmonises sustainability with the refined simplicity of Scandinavian design.

Fermob

Iconic French outdoor furniture, renowned for its vibrant colour palette, bold designs, and innovative functionality.

With a passion for colour, design, and craftsmanship, our extensive collection is perfect for cafés, restaurants, bars, gardens, terraces, and balconies. Whether you're designing a private residence, luxury hotel, or public venue, our furniture inspires and elevates any space.

Created by many world-renowned designers and architects, our unique range is built to weather the elements. Timeless, durable, and with a focus on sustainability, our products bring lasting beauty and creative flair to any setting.

Our friendly and talented team is ready to help you create a stunning outdoor space filled with joie de vivre to enjoy for many years to come.

CLASSIC

TECTONA

Since 1977, Tectona has been redefining outdoor living with furniture that embodies timeless elegance, innovation, and impeccable craftsmanship. Originating in France, Tectona's designs have transformed patios and gardens into inspiring sanctuaries, gracing iconic landmarks such as Château de Versailles, Château de Chambord, Musée Rodin, and the Musée Picasso in Paris.

With a masterful blend of classic and contemporary styles, Tectona's creations are more than furniture—they are statements of sophistication built to withstand the test of time. Tectona primarily uses high-quality materials such as aluminium and teak which are known for their durability and built to withstand the natural elements ensuring durability and enduring beauty for life outdoors.

The 1800 collection, inspired by late 18th-century neoclassical French furniture, epitomizes this commitment to quality and design. With flowing lines, gentle curves, and intricate nub details, the collection redefines outdoor elegance. The exclusive blue-grey finish reflects the calming hues of sky and water, ideal for coastal or poolside settings. Alternatively, the black finish offers bold versatility, seamlessly complementing gardens and cityscapes alike.

Tectona's signature contemporary classic style ensures its furniture not only enhances spaces but defines them, promising enduring elegance for generations.

WITH A TWIST

SIKA DESIGN

Founded in 1942, Sika-Design is a Danish family-owned company with a rich heritage and a deep passion for exceptional craftsmanship. They create timeless furniture - both original designs and collaborations with some of the world's most iconic 20th Century designers, including Arne Jacobsen, Nana Ditzel, and Viggo Boesen.

As Scandinavia's oldest manufacturer of rattan and wicker furniture, now led by third-generation Louise Andreassen, Sika-Design is dedicated to creating furniture that masterfully combines lasting design and superior durability.

Sika-Design is deeply committed to producing furniture that endures for generations while minimizing its environmental footprint. This ethos is reflected in the longevity of their designs, the sustainable materials they use, and their meticulous craftsmanship.

Their furniture is crafted from premium-quality rattan—a strong, renewable material that allows pieces to be cherished and passed down through the generations. Rattan production has minimal environmental impact as it grows rapidly, is harvested by hand and processed sustainably.

While Sika-Design's origins lie in crafting rattan masterpieces, they have been creating exquisite outdoor wicker furniture for over two decades, maintaining the same level of craftsmanship and quality.

In an exciting evolution, many of their celebrated indoor designs from the Icons and Originals collections are now available in an outdoor version.

FERMOB

Fermob is a celebrated French manufacturer of outdoor furniture, renowned for its innovative designs, vibrant colors, and enduring quality.

With a passion for creativity and functionality, Fermob continuously pushes the boundaries of design to create pieces that are as stylish as they are practical. Their collections range from chic, minimalist designs to bold, colorful statements that transform outdoor spaces into lively, inviting environments.

Crafted from high-quality metal, each piece is engineered to withstand the elements while delivering exceptional comfort and aesthetic appeal. Whether enhancing a garden, patio, café, or public venue, Fermob's furniture embodies a unique blend of artistry and durability that resonates with design enthusiasts worldwide.

Committed to sustainability and ongoing innovation, Fermob not only sets trends in outdoor living but also redefines the way we experience outdoor spaces as dynamic canvases for creativity and self-expression.
