CLASSIC

TECTONA

Since 1977, Tectona has been redefining outdoor living with furniture that embodies timeless elegance, innovation, and impeccable craftsmanship. Originating in France, Tectona's designs have transformed patios and gardens into inspiring sanctuaries, gracing iconic landmarks such as Château de Versailles, Château de Chambord, Musée Rodin, and the Musée Picasso in Paris.

With a masterful blend of classic and contemporary styles, Tectona's creations are more than furniture—they are statements of sophistication built to withstand the test of time. Tectona primarily uses high-quality materials such as aluminium and teak which are known for their durability and built to withstand the natural elements ensuring durability and enduring beauty for life outdoors.

The 1800 collection, inspired by late 18th-century neoclassical French furniture, epitomizes this commitment to quality and design. With flowing lines, gentle curves, and intricate nub details, the collection redefines outdoor elegance. The exclusive blue-grey finish reflects the calming hues of sky and water, ideal for coastal or poolside settings. Alternatively, the black finish offers bold versatility, seamlessly complementing gardens and cityscapes alike.

Tectona's signature contemporary classic style ensures its furniture not only enhances spaces but defines them, promising enduring elegance for generations.

WITH

WISL

SIKA DESIGN

Founded in 1942, Sika-Design is a Danish family-owned company with a rich heritage and a deep passion for exceptional craftsmanship. They create timeless furniture - both original designs and collaborations with some of the world's most iconic 20th Century designers, including Arne Jacobsen, Nana Ditzel, and Viggo Boesen.

As Scandinavia's oldest manufacturer of rattan and wicker furniture, now led by third-generation Louise Andreasen, Sika-Design is dedicated to creating furniture that masterfully combines lasting design and superior durability.

Sika-Design is deeply committed to producing furniture that endures for generations while minimizing its environmental footprint. This ethos is reflected in the longevity of their designs, the sustainable materials they use, and their meticulous craftsmanship.

Their furniture is crafted from premium-quality rattan—a strong, renewable material that allows pieces to be cherished and passed down through the generations. Rattan production has minimal environmental impact as it grows rapidly, is harvested by hand and processed sustainably.

While Sika-Design's origins lie in crafting rattan masterpieces, they have been creating exquisite outdoor wicker furniture for over two decades, maintaining the same level of craftsmanship and quality.

In an exciting evolution, many of their celebrated indoor designs from the Icons and Originals collections are now available in an outdoor version.

FERMOB

Fermob is a celebrated French manufacturer of outdoor furniture, renowned for its innovative designs, vibrant colors, and enduring quality.

With a passion for creativity and functionality, Fermob continuously pushes the boundaries of design to create pieces that are as stylish as they are practical. Their collections range from chic, minimalist designs to bold, colorful statements that transform outdoor spaces into lively, inviting environments.

Crafted from high-quality metal, each piece is engineered to withstand the elements while delivering exceptional comfort and aesthetic appeal. Whether enhancing a garden, patio, café, or public venue, Fermob's furniture embodies a unique blend of artistry and durability that resonates with design enthusiasts worldwide.

Committed to sustainability and ongoing innovation, Fermob not only sets trends in outdoor living but also redefines the way we experience outdoor spaces as dynamic canvases for creativity and self-expression.
